PAST PERFORMANCE

"It was challenging to cover 10,000 square miles and fourteen counties to make eight videos, but DHD handled it extremely well and professionally. The DHD team was flexible, paid great attention to detail, and provided stellar videos. Being able to provide our videos in Spanish and with subtitles was an added bonus. DHD guided us through the process with expertise, and the results were outstanding."

- Melissa Cure, East Texas Council of Government - Project Manager

"While the creativity and extremely high production quality of DHD Films' projects is not to be denied, the thing that really sets DHD Films apart is their team. Every DHD Films team member has been a tremendous asset. They are smart, detail oriented, possess an uncanny ability to understand what you need before you do, and deliver personalized service on every project. Their professionalism and ability to communicate effectively and efficiently ensures success on every project, and makes it tremendously easy to work with them."

- Amy Ramos, Dallas Regional Chamber - V.P. of Communications

"I wish I knew about DHD Films five years ago when I started Core24 because not only did they produce a video that exceeded all of my expectations, but they did it at a reasonable cost and with exceptional customer service every step of the way. The editing process, when most companies get frustrated, was met with an eagerness to please and energy level that made this experience an absolutely pleasant one from conception to completion."

- Sunny Nunan, Core24 - President & Founder

"DHD Films put together an amazing video that is so much fun and easy to understand for anyone that watches it. We have been using this video in our email, social media, paid search and all of our integrated marketing campaigns for lead generation and have received great feedback. We highly recommend DHD Films to help create your digital content for your digital marketing needs! Your money will go a long way!"

- Dice Nakamura, Vertical Nerve - V.P. of Business Development
